

## APPRECIATION OVER TIME.

A rare piece of artwork, a fine red wine, a family heirloom passed down from generation to generation—it's a certain attention-to-detail and care that allows these treasures to appreciate over time.

Following the same guidelines, offering the same precision and dedication, Howard Distributors' service, staffing and selection proudly continues to appreciate as well.

When you invest in one of our pristine coaches or limousines, you're investing in a future of fine

craftsmanship, sleek lines, and hand-polished beauty. Ready to deliver a smooth ride, all of our vehicles are designed to take the very best care of you and the families that you serve.

As we celebrate 40 years of serving the funeral profession, we're reminded of exactly what has brought us to this day—our dedication to offering a knowledgeable and professional staff, our competitive leasing rates, and our commitment to continuous growth and excellence in everything we do.
